COACHES AS FACILITATORS

Why engage one of our coaches as your facilitator?

Being a manager or leader does not necessarily equip you with the skills and experience to facilitate meetings that involve challenging conversations and require courageous decisions.

Our coach facilitators will share their skills and experience with you to enable you to:

- Focus on the right questions
- Encourage thinking
- Analyse what you want to accomplish
- Move you to action

Our coach facilitators will consider the makeup of your group and how to promote involvement i.e. extraversion or introversion preferences, learning styles, background and experience and the impact of hierarchy and regulation. They will also help you to reflect your values in the session and empower the group for future meetings and joint working.

Our brilliance is that we as coaches are PEOPLE focused first. We don't come and write plans we come and enable your people to design and deliver YOUR plans.
